

SELF-DECLARATION OF THE QMS Arrangement of the CIPM MRA

The General Director of the Czech Metrology Institute (further on CMI only) herewith declares, in implementation of the CIPM MRA (see www.bipm.org), that as of August 31, 2002 the CMI quality system as described in the CMI quality system documentation complies with all the requirements laid down by ISO/IEC 17025:1999 (in 2005 revision of this standard) international standard and by the CIPM MRA within the scope of calibration measurement capabilities (CMCs) submitted under the CIPM MRA and specified by the CMC-STD database available at www.cmi.cz .

At the same time the CMI General Director undertakes that all the necessary steps shall be continuously taken by CMI to ensure permanent compliance of the CMCs submitted under the CIPM MRA with the requirements of the mentioned international standard.

Signed:

Pavel Klenovský, General Director
